191. take measures to (phrase) /teɪk 'meɪʒəz tu/

The government has decided to take measures to reduce teenage crime. The first thing it did was to increase the punishment for offences often committed by teenagers such as shoplifting and writing graffiti on public places.

- Q1. The government
People caught dropping litter will receive a \$100 fine and companies producing too much packing for their products will be fined thousands of dollars.
- Q2. The government
Companies will have to pay less tax next year if they take on more workers. And people who have been without work for six months will be retrained.
- Q3. One more:
.....

192. assist (v) /ə'sɪst/ (give) assistance (n) (e.g. to someone)

Two of the students in the class who were good at languages were not so good at maths. So their parents hired a tutor to assist them with their study.
